TUFTONBORO CONSERVATION COMMISSION

STATISTICS FOR TOWN REPORT

FOR YEAR 1991

The Conservation Commission addressed the following matters for the 1991 period:

New Applications received and forwarded to Concord: 24
Approved Permits: 25 Several being carried over from 1990
Fines assessed: 2
Permit Revisions: 1
Permit Denials: 1
Complaints forwarded to Concord: 1
Illegal Dumping forwarded to Concord: 1
Appeal of Permit Denial and Approval: 1
Denial of Permit Denial Appeal: 1
Notification of Fine Assessment: 1
Time Extensions Granted: 2

The Commission Sponsored a Deer Yard Management Program presented by the University of New Hampshire and the Carroll County Conservation District. About thirty people attended reflecting the landowners genuine interest in enhancing deer yards on their properties.

The Commission assisted in establishing trails on one of the properties the town acquired via Conservation easement.

The Conservation Commission is in the process of assisting a landowner in his research of options in deeding his parcel of land to the town via a conservation easement.

As our report shows, many people are getting involved in the future interests of good conservation of our town's natural resources. Hopefully these interests will help maintain a healthy balance between development and conservation.

1991 REPORT OF THE TUFTONBORO HIGHWAY DEPARTMENT

Plowing and sanding of Tuftonboro roads proceeded along as usual with heavy snow early in January, at the end of March, and again at the beginning of December. Fluctuating temperatures during those times also accounted for an abundance of ice everywhere. Approximately 1200 yards of winter sand were stockpiled in November for cold weather use.

At the end of April, hurricane force winds and heavy rains resulted in uprooted trees, road washouts, and branches and limbs down at all locations. Town crews worked many weeks cleaning up the debris, and in August on the 19th when hurricane Bob struck, the whole process was repeated once again.

Dirt roads throughout the year were graded, raked, and crushed gravel was added where needed. Bushes were mowed and many street name signs were replaced.

A section of Northline Road was relocated and about 800' of that same road was graveled and penetrated with MC800 asphalt. Drainage was added to Melvin Wharf Road and then it was paved. The Whitten Road was reclaimed and also paved. Tuftonboro Neck Road was repaved and the Elm Point end of the Cross Neck Road was widened and graveled. The intersection of Lang Pond Road at Rt. 109A was reconstructed and on the Phineas Graves Road, 90' of metal culvert was installed and the surface was graveled.

The Tuftonboro Highway Department, State of NH D.P.W. Division 3, and Civil Defense all work together to monitor road conditions as needed. Thanks . . . everyone for all your help and assistance, it certainly is appreciated.

Respectfully submitted

Reg Colby, Road Agent

TUFTONBORO POLICE DEPARTMENT

The Town of Tuftonboro came into the computer age in 1991. The Police Department is now able to keep and retrieve information and statistics on the activities that occur in the Town. As an example, there were 27 accidents that occurred in 1991 of which 9 accidents occurred on either Routes 109 or 109A. The majority of the accidents occurred between the hours of 6:00 AM and 6:00 PM on Mondays and Thursdays. No fatalities nor serious injuries occurred.

There are a total of 105 people in the Town of Tuftonboro that have gun permits. We have been able to determine that there are 25 people who have let their permits lapse. Permits may be obtained by contacting the Town Clerk.

The Town now requires residents that install new alarm systems in their homes to have a permit. Permits may be obtained by contacting the Chief of Police at the numbers indicated below. We have 45 known residents with alarms and this year we made 47 responses, all of which were false alarms.

There were 456 motor vehicle stops made in 1991 with the majority made in May, June, July and August. Of the total number of stops, 90 were summoned for speed violations with the top speed clocked at 74 miles per hour by Pak 2000.

DWI arrests were down this year with only 9 arrests, all of which were convicted.

There were 31 criminal reports in 1991 broken down as follows:

- 4 stolen vehicles—all recovered (only one damaged)

- 1 stolen snow machine—stolen in March; recovered in November

- 7 cases involved criminal mischief and criminal trespass

- 16 cases involved residential break-ins and theft of personal property. 10 of the break-ins were solved and individuals brought to court

- 2 miscellaneous cases

- 1 case of criminal threatening

We were once again able to have extra coverage during summer and early fall. I feel the extra coverage again kept the accident rate down. In 1992 we will have nighttime coverage during the busiest months.

Should you require the services of the Police Department, the numbers to call are 539-2284 or 1-800-552-8960.

I wish to thank the New Hampshire State Police, Troop E, and the Carroll County Sheriff's Department for their assistance. I'm looking forward to another good year.

Respectfully Submitted, Charles "Terry" Berry, Chief

PARKS AND RECREATION DEPARTMENT TOWN REPORT FOR 1991

In 1991, Irene Englund reluctantly resigned after many years as Director of Parks and Recreation. Through her dedication to the Town of Tuftonboro, and, in particular, the children, recreational facilities and programs have blossomed. Her time and effort have made Tuftonboro an even nicer place to live, and I personally want to thank her for all of her hard work on behalf of us all.

Once again, in 1991, Mary Ann Murray conducted a very successful swim program at Melvin Beach. Ninety-eight students, from pre-beginners to lifeguard training took part. She was assisted by Kerrienne Cunniff and Nathan Dickey. Five local young people qualified as lifeguards, and are now prepared for summer employment in that area. Next year, Mary Ann would like to add an emergency water safety class and a basic rescue class, and involve more adults. A storage box was constructed at the beach by Fred Williams to make lifesaving equipment available at the site.

Davis Field, next to Tuftonboro Central School, was again the site for many youth sports programs, as well as women's softball, and large group and family outings.

The Laase family again oversaw the floats on 19 Mile Bay. The Town eagerly anticipates the relocation of Route 109 in the future, and the expanded opportunities the new beach area will provide.

1991 LIBRARIAN'S REPORT

1991 was a milestone for the library. After several years of hard work the Building Committee and the generous people of Tuftonboro saw the dream become reality with completion of an addition that tripled the size of the Library. For me to describe all that has happened in the last 12 months would take many more pages than I am allowed here, so I will cover the essentials as best I can.

According to our statistics circulation was equal to last year while patronage was slightly higher. This is taking into account the closing near the end of construction. After the library reopened patronage averaged an increase of 45%

while circulation grew by about 30%. I believe the latter figures are a better reflection on reality. The collection has grown considerably, both through materials purchased and by careful selection of donated items. In 1991 we added a total of 558 books, tapes and videocassettes.

There were some changes and additions to the staff last year. In April we said farewell to John Perkins who took over as Director at the Wentworth Library in Sandwich. John dedicated himself here for five years and became well liked in the community. We wish him the best of luck. Gus Hedden, the new director, came here from Connecticut and is making himself at home while enjoying the challenges of helping the library through its growing pains. Janet Moody continues to hold everything together through this period of transition, working well with the new staff and our growing list of borrowers. Arline Knapp has had to cut her hours due to health problems. She is sorely missed and we expect to see her back behind the desk soon. Our new assistant, Mary Bagg, has settled in well and has been a big part of the resumption of story hour for the 3-5 year olds. Newly arrived grade school teacher (and mother) Pat Healy has worked with Mary to make this a success with about 9 children attending each meeting. Volunteers are an important (and growing) part of the staff. Peg Bashe and Maggie Croteau are welcome regulars on Wednesday afternoons. Debbo Rice has added to her efforts by continuing Friday afternoon visits with the grade school classes, helping out with story hour and housekeeping as well. Veronica Leipke and Barbara McClure will be a great help in 1992 on special projects, particularly the conversion to automated circulation. Pam Moore and Alyssa Davis are also new arrivals, helping out at the desk and with assorted other jobs.

In 1992 we will work towards consolidating the gains of the last several years while continuing to supply our patrons with the attention they deserve. The major project will be to make full use of our new computer by inventorying and creating a database of our holdings. The computer has already proved itself by allowing the use of electronic mail which has speeded up interlibrary loan and doubled the number of books borrowed from other libraries. In order to simplify and improve routine tasks our procedures and policy manuals will be revised to accommodate the recent changes. And, finally, with the chaos of construction behind us, we will be able to resume programming of special events in the new Hamel Meeting Room.

I would like to thank everyone who has welcomed me to my new position here in Tuftonboro. I am confident that 1992 will prove to be a fruitful year and the library will continue its important role in the life of this community.

Gus Hedden, Director

REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

December 18, 1991

1991 was a very dry and busy year for the New Hampshire Forest Fire Service as well as local fire departments due to our increase in the number of fires. Our three major causes of fires in 1991 were non-permit, children and smoking materials. 450 wildland fires in New Hampshire burned approximately 150 acres for an average fire size of one-third acre.

Primarily, the local fire department is responsible for extinguishing these fires. Keeping the average fire size this small is a tribute to early detection by citizens, our fire tower lookout system and the quick response of our trained local fire departments.

In every municipality, there is a Forest Fire Warden and several Deputy Wardens that are responsible for directing suppression action on wildland fires, working with other fire department members under the direction of the N.H. Forest Fire Service to make sure that all fire department members are properly trained and equipped for suppressing wildland fires. Forest Fire Wardens and Deputy Wardens receive specialized training each year, presented by the N.H. Forest Fire Service, to keep their skill level and knowledge of forest fire laws up to date.

The local Warden and selected Deputy Wardens are also responsible for issuing burning permits for any open burning that is to be done in their community. In New Hampshire, any open burning, except when the ground is completely covered with snow, requires a written fire permit prior to lighting the fire. Before doing any open burning, it is recommended that you contact your local fire department to see if a permit is required and to save your community the cost of sending fire equipment on a false alarm. Any person violating the permit law (RSA 224:27) shall be guilty of a misdemeanor.

Please help your local Warden and fire department by requesting a fire permit before kindling a fire, be understanding if they tell you it is not a safe day to burn and help keep New Hampshire green! Thank you for being fire safe.

Robert D. Nelson, Chief, Forest Protection
Your Local Forest Ranger
Municipal Forest Fire Warden

PLANNING BOARD REPORT

A sign of the times is reflected by the activities of the Planning Board. There were five (5) subdivisions approved creating 9 new lots and four (4) boundary line adjustments. The board also approved 2 site plan projects both very different in nature but needing approval. One a farm stand and the other a program/activities building for one of our summer camps.

Current members are Michelle Miller, Vanessa Vittum, Stan Daley, Terry Berry and chairman Fenton Varney. Norman Vittum is the Selectman representative, Sue Weeks alternate, Jackie Rollins Secretary.
